COACHING STAFF

INTERIM HEAD COACH BART SULLIVAN

After the passing of Coach Jack McGetrick, the only coach in the program's history, Bellarmine University entrusted Bart

Sullivan to continue the program.

Sullivan has been an assistant under McGetrick during the past two seasons that saw improved

play on the field. After a 9-9 season in 2009, the Knights came back with a 9-6 record, the best since moving to a full D-I schedule.

A career that started at Dublin-Coffman High School in his hometown of Dublin, Ohio, Sullivan was a standout member at the University of Denver from 2003-2006. Playing in 59 games and starting the final 31 games of his career on defense while helping the Pioneers to three Great Western Lacrosse League Championships including the school's first outright title in 2006. In his senior season, Sullivan was named team captain and went on to help Denver to a NCAA tournament birth. As a junior he was named the team's Defensive MVP and was a

at Denison, he helped the Big Red to an 11-4 record and an appearance in the Div-III NCAA tournament, the 15th appearance in the program's history.

After just one season at Denison, Sullivan went back to Denver to help coach the Pioneers to a 10-7 record and another birth into the GWLL tournament. The Pioneers went on to compete in the NCAA tournament for the second time in the school's history. At Denver, Sullivan coached faceoffs and a defense that held opponents to just 9.9 goals per game.

Sullivan graduated from the University of Denver in 2006 with a Bachelor of Arts of in mathematics and is currently working toward his MBA from Bellarmine's W. Fielding Rubel School of Business.

Sullivan currently lives in Louisville with his wife, Terin, and they are expecting their first child in September.

member of 2005 Face-Off Classic All-Tournament team.

Prior to coming to Bellarmine, Sullivan had coaching stops at Denison University in 2007 and at his alma mater, the University of Denver, in 2008. As an assistant

ASSISTANT COACH BILL GLEASON

Bill Gleason is entering his second season as an assistant coach for the Bellarmine University Lacrosse team. Prior to coaching at Bellarmine, Gleason coached at his alma mater, West Genesee High School in Syracuse, New York.

Gleason has been a part of a winning tradition dating back to his days at West Genesee, where he helped the program to back to back New York State Championships in 2002 and 2003. During his time at West Genesee he played under legendary lacrosse coaches Mike Messere and Bob Deegan.

After graduating from West Genesee in 2003, Gleason went on to play for SUNY-Cortland. During his time there, Gleason and the Red Dragons went on to the NCAA Div-III National Championships three times. In 2006 SUNY-Cortland won the school's first National Championship, defeating No. 1

Salisbury 13-12 in overtime.

While getting to play in multiple National Championship games, Gleason was also fortunate to play under three separate and influential head coaches during his career including Lelan Rogers (Syracuse University), Rich Barnes (Ithaca College), and Steve Beville (SUNY-Cortland). All coaches provided a very diverse yet effective coaching style and philosophy that Gleason brings to Bellarmine's program.

Academically, Gleason achieved a Bachelor of Science in Financial Management with a minor in Computer Applications. He is currently working on his master's in business administration at Bellarmine and currently resides in Louisville, Ky.

I N M E M O R I U M

JACK McGETRICK

Jack McGetrick, the founding coach of the Bellarmine lacrosse program, died in October after a long and courageous battle with cancer.

“Black Jack,” as he was known to his players, came to Bellarmine in 2004 to get the program off the ground, and the Knights started competing at the NCAA Division I level in 2005. In his six years with Bellarmine, the Knights posted a 45-41 record, ending with a thrilling 14-13 overtime victory at Ohio State on May 1, 2010.

McGetrick was known as a fierce competitor throughout his career, and continued to compete even after being diagnosed with cancer in 2008. McGetrick never missed a game or a practice despite enduring harsh chemotherapy.

Before coming to Bellarmine, he spent 11 seasons as coach of the University of Hartford, where he posted an overall record of 87-74 (the most wins and best winning percentage of any coach in Hartford's history), and was recognized as the national coach of the year in 1997. McGetrick's career collegiate coaching record is 132-115, which ranks among the top 50 of all time.

2011 SEASON PREVIEW

The theme for the 2011 Bellarmine University lacrosse team will be one of strength and perseverance. After the death of Coach Jack McGetrick, the only coach in the young program's history, Bart Sullivan takes over as interim Head Coach and looks to replace a talented group of seniors from last year's team including Chase Williams, Derek Hopcroft, and Jarrett Davis, who were all drafted into the National Lacrosse League.

Bellarmino is coming off one of their best seasons, finishing 2010 with a 9-6 record. The mark is the best since moving to a full Division I schedule. The season ended with an uptick as the Knights upended Ohio State in dramatic fashion, besting the Buckeyes 14-13 in overtime at Ohio State.

The team also saw success individually as Chase Williams was named Inside Lacrosse's National Player of the Week after getting four goals and three assists against Robert Morris.

To fill the void left by the departing seniors, Sullivan could turn to junior Austin Bright, who is the team's leading scorer after getting 12 goals and five assists last season, to make up the lost production. Junior Luke Acton also returns to his attack position after playing in all 15 games last season.

The midfield is full of players who look to expand their roles from last season. Juniors Trevor Timmerberg and Colton Clark will see plenty of action this season.

While the offense will see plenty of new faces, the defense returns some of their stalwarts. Ross Doan, Drew Soeder, and Austin Powell all return after starting every game last season.

The strength of Bellarmine's team could well be between the pipes as the Knights return two solid goalies in senior Scott Bowles and sophomore Dillon Ward. Last year, the players split time and were very effective.

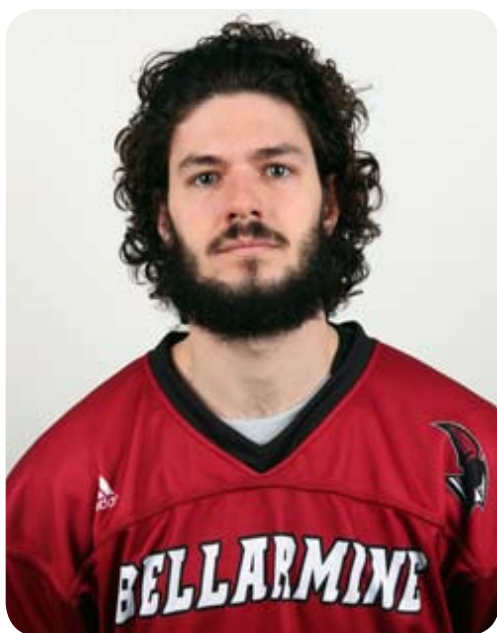

Bellarmino will get challenged early and often during the 2011 season. After opening the season with two games at Owsley B. Frazier Stadium against Detroit on February 12 and Mercer on February 19, the Knights will go on a five game road trip as they take on Delaware, No. 14 Lloyola; which opens up ECAC play; No. 6 Maryland, Harvard, and Hartford.

The rest of the home games consist of Virginia Military Institute on March 16, Air Force Academy on April 9, University of Denver on April 23, and the season finale against Ohio State on April 30.

1

TED AVENDT

Height: 5-11

Weight: 185 lbs

Year: Senior

Position: Midfield

Major: Accounting

Hometown: Brighton, Mich.

High School: Brother Rice

Son of Ray and Joyce Avendt

10: Injured for much of the season, appeared in three games...Had two assists and two groundballs in season opening 12-8 victory over Detroit Mercy (2/6)

09: Appeared in 13 games for the season, starting four...Had career high three goals in 14-8 victory over Wagner...Tallied one goal and one assist at Presbyterian...Had three multiple groundball games

08: Played eight games, starting two...Had best game of the season in 20-9 win over Robert Morris recording two goals and an assist...Had one goal and one groundball against Manhattan College

OWSLEY B. FRAZIER STADIUM

In August of 2007, Bellarmine unveiled the \$5.1 million Owsley B. Frazier Stadium, which includes Joseph P. and Janet A. Clayton Field, to the public. The new home for Bellarmine lacrosse took approximately 18 months to build and has several outstanding features including:

Artificial Turf – The artificial turf product, called “24/7,” was produced and installed by the Motz Group and is the same turf currently used by the Miami Dolphins and University of Kentucky football team. It has permanent markings for lacrosse, soccer and field hockey and has an exceptional drainage system to allow for extensive play in all conditions.

Lighting – Lighting has been installed at the field to allow for night play. The Musco Lighting system features redirected lighting which bends spill lighting back on to the field, drastically reducing the amount of illumination falling outside the stadium’s perimeter. Musco Lighting has installed lights at some of the nation’s premier sports facilities including Comerica Park (Detroit Tigers), Lambeau Field (Green Bay Packers), Qwest Field (Seattle Seahawks), and Daytona International Speedway.

Capacity – Chairback bench seating is available for approximately 2,000 spectators.

Press Box – The fully enclosed press box features climate control, seating for 24 people, and data ports for internet access.

Track Surface – The track is an eight-lane, 400-meter track, featuring three long jump pits, two pole vault areas, a high jump pit, and a steeplechase water jump pit. The surface is a dual-durometer, polyurethane poured surface provided by Beynon Sport Surfaces, the same company which has installed tracks at other top college facilities over the past three years including Auburn, Illinois, Louisiana State, North Carolina, Oregon, and Wisconsin.

The stadium also has a scoreboard with scrolling message center, concession stand, public address system, officials’ locker rooms, storage areas, and public restrooms.

**DR. JOSEPH J. MCGOWAN,
PRESIDENT**

Dr. Joseph J. McGowan was appointed as Bellarmine University's third president in 1990. He came to the position uniquely qualified, having served for twenty-one years at Fordham University in New York as vice president and dean. Before that he was an admissions and financial aid officer at the University of Notre Dame. He received his doctorate in higher education from Columbia University in New York and earned his bachelor's and master's degrees from the

University of Notre Dame. He also is a graduate of Harvard University's Institute for Educational Management.

Dr. McGowan led the transformation of Bellarmine College to Bellarmine University, which has been named as one of the region's best comprehensive schools by U.S. News and World Report for 17 continuous years. Bellarmine University also is highly rated by the Princeton Review and Forbes.com, and was named one of the nation's top 100 "best-value" private universities by Kiplinger.

With the creation of 20 new academic programs centered on the revised liberal arts core, Bellarmine has experienced a 45% increase in full-time undergraduate enrollment and a 60% increase in total full-time enrollment over the past ten years. Our student quality and program quality remain at all-time highs as demonstrated by our ACT/SAT score and accreditation indicators.

Student life has been enriched by the establishment of Campus Ministry, a Student Counseling Center, Health Center, and Commuter Student Center. The number of residence students has grown from 476 to more than 1,000. The

Athletic program focus has resulted in an increase in intercollegiate sports teams from 15 to 19, including NCAA Division I Men's Lacrosse, and construction of the Owsley Frazier Stadium.

Under Dr. McGowan's leadership, providing resources for Bellarmine has been very successful as efforts have resulted in an increase of over 21% in the University's operating budget revenue over a 3-year period. The beautiful 135-acre campus has seen an increase in the number of buildings from 15 in 1990 to 40 buildings today, providing 810,000 square feet of wonderful teaching and living space – while winning 11 architectural awards.

In addition to his leadership on the Bellarmine campus, Dr. McGowan is active in the civic and service life of the community, Commonwealth and nation. He most recently served on the boards of the National Association of Independent Colleges and Universities of which he is Past Chair, the American Council on Higher Education, the Council of Independent Colleges, the Executive Committee of Greater Louisville Inc., the Association of Independent Kentucky Colleges and Universities, Kentuckiana Metroversity, the Frazier International History Museum, and the J. B. Speed Art Museum.

In Vision 2020, Dr. McGowan has newly envisioned Bellarmine University as the premier independent Catholic university in the South and thereby the leading private university in the Commonwealth and region, and presently is involved in building the University's faculty, academic and student life, and building the resources to realize Vision 2020.

**DR. FRED RHODES,
VICE PRESIDENT FOR ACADEMIC
AND STUDENT LIFE**

Dr. Fred W. Rhodes was appointed Vice President for Student Affairs and Dean of Students at Bellarmine University in 1991 and currently serves as Vice President for Academic and Student Life.

Under Dr. Rhodes' leadership, Academic and Student Life are thriving in their mission of providing services to students in the areas of career services, counseling, internships, student activities, residence life, campus ministry, service learning and volunteerism, disability services, international and minority student services, intramural sports, wellness and health services, library, registrar, Merton Center, food services and athletics. He is also involved in service learning and volunteerism in the Louisville area and has created volunteer experiences for students and faculty in Central and South America and the Caribbean. Dr. Rhodes has taught at the University of South Florida, University of Tennessee, University of Louisville and Bellarmine University. He has served on student affairs faculty programs at the University of South Carolina, University of Arizona, Emory University, Tulane University, Clemson University and the University of Georgia. Dr. Rhodes was named a Fulbright Scholar in 2007.

Before joining Bellarmine, Dr. Rhodes served as Dean of Students at the University of Louisville and the University of Central Arkansas. He received his doctorate in education from Mississippi State University; his M.S. from the University of Tennessee; and his bachelor's at Maryville College. Dr. Rhodes has also done post-graduate study at Harvard University.

Dr. Rhodes is a member of numerous professional organizations and has served in leadership positions in organizations such as the Southern Association of College Student Affairs (SACSA), the National Association of Student Personnel Administrators (NASPA), and the College Personnel Associations of Arkansas and Kentucky. Dr. Rhodes is the recipient of NASPA's John Jones Award for Outstanding Service as Dean in the Southeast and the Melveen D. Hardy Award for outstanding contributions in research and service to the profession of Student Affairs administrators.

**SCOTT WIEGANDT,
DIRECTOR OF ATHLETICS**

Scott Wiegandt is in his sixth year as athletics director of Bellarmine University, after serving the previous two years as assistant athletics director. During his tenure, the Bellarmine athletics program has shown major improvements within the GLVC, jumping from 8th among 11 schools during his first year to ranking third out of 13 schools in the 2008-09

All-Sports Trophy standings.

Facilities also have seen a dramatic upgrade. The construction of Owsley B. Frazier Stadium and the Eddie Weber Tennis Complex, as well as renovations to Knights Hall and the baseball and softball facilities, have come under Wiegandt's watch. He also oversaw the addition of Division I men's lacrosse.

Wiegandt is a member of the National Association of Collegiate Directors of Athletics, the National Association of Athletic Development Directors, the national board of directors for the Division II Athletics Directors Association, and the board of directors of the Greater Louisville Sports Commission. Previously, he served on the GLVC's executive committee and basketball championship committee and the St. Catherine's College Advisory Board.

Wiegandt began his affiliation with Bellarmine as a student and a pitcher on the baseball team. He was an NCAA Division II All-American in 1989, the same year he earned his degree in biology. When selected by the Philadelphia Phillies in the 1989 draft, Wiegandt began a 10-year professional baseball career, spending eight seasons with the Phillies' and one each with the St. Louis Cardinals' and Pittsburgh Pirates' organizations. He posted a 2.97 career ERA in over 400 appearances, including five seasons at AAA.

After teaching and coaching at Holy Cross High School, Wiegandt returned to Bellarmine to coach the baseball team and earn his master's degree. He served as head coach for four seasons before moving into his administrative duties.

Wiegandt is married to the former Danielle Atzinger, who holds two graduate education degrees from Bellarmine. She is currently principal at Holy Cross High School. They have three children: Caleb, Callie, and Cole.

OWSLEY B. FRAZIER STADIUM

In the fall of 2007, Bellarmine dedicated the \$5.1 million Owsley B. Frazier Stadium on the school’s campus, just off of Newburg Road. This state-of-the-art facility is now the home of Bellarmine’s soccer, field hockey, lacrosse, and track teams. The artificial field surface, called the Joseph P. and Janet A. Clayton Field, was installed by the Motz Group and is the same “24/7” product as can be found at the football fields used by the Miami Dolphins and the University of Kentucky. The track facilities include an eight-lane dual-durometer polyurethane poured surface provided by Benyon Sport Surfaces, as well as three long jump pits, two pole vault areas, a high jump pit, and a water steeplechase pit. The field can also be fully lit for night play. It seats approximately 2,000 spectators and has a concession stand and press box facility.

KNIGHTS FIELD

Bellarmine’s baseball and softball teams each have a home at Knights Field. Both diamonds are natural grass and are located on campus. The baseball field was built in 1954 and has been renovated several times. It now features an elevated press box overlooking home plate as well as covered dugouts, bullpens, a batting cage and a large electronic scoreboard in right field. The field dimensions are 360 feet down the left field line (where the fence is now 20-foot high), 385 feet to dead center, and 340 feet down the right-field line.

The softball field has a full service concession stand located behind home plate as well as covered dugouts and an electronic scoreboard located in left field. The field dimensions are 190 feet down the foul lines and 220 feet to center. Both fields have bleacher seating to accommodate 300 spectators as well as ample hillside grass seating.

EDDIE WEBER TENNIS COMPLEX

Home to the men’s and women’s tennis teams, the Eddie Weber Tennis Complex features six hard surface courts, which were recently converted from clay. The Knights tennis teams also practice and compete on three indoor courts within the adjacent Sports, Recreation and Fitness facility.

KNIGHTS HALL

Knights Hall is home to Bellarmine basketball and volleyball. Built in 1960, Knights Hall has an atmosphere all its own and can seat up to 2,400 passionate Knight fans in its current configuration. While “retro” in appearance, Knights Hall has plenty of modern amenities. The newly remodeled President’s room, complete with couches and a bar, overlooks the court from the east baseline, while the recently re-painted court includes the BU logo and the NBA charge line. The scorers’ bench features five back-lit tables and a modern sound and public address system.

Besides housing all of Bellarmine’s home basketball and volleyball contests, Knights Hall is also used for numerous high school games, graduation ceremonies, and concerts. The Hall was dedicated in 1960 with a home game against the University of Louisville and has since featured some great matchups starting in the ’60s with rival and NAIA national champion Kentucky State, to Fly Williams and his teams from Austin Peay, all the way up to the Knight’s women’s basketball regional championship games of the ’90s. The arena has also hosted some very special guests including Mother Teresa, the Grateful Dead, Jimmy Buffett and Pete Rose among others. In 2007, Knights Hall was featured on ESPN when NBA greats such as Bill Walton, Darrell Griffith, and Kenny “Sky” Walker judged the McDonald’s High School All-American Slam Dunk Contest.

BELLARMINE UNIVERSITY

Bellarmine University is a vibrant community of educational excellence and ethical awareness that consistently ranks among the nation's best colleges and universities. Our students pursue an education based in the liberal arts – and in the distinguished, inclusive Catholic tradition of educational excellence, the oldest and most rewarding in the western world. It is a lifelong education, worthy of the university's namesake, Saint Robert Bellarmine, and of his invitation to each of us to learn and live in veritatis amore -- in the love of all that is beautiful, true and good in life.

BELL-er-mun

Bellarmine is growing rapidly, not only with great new campus amenities and academic programs, but also in regional and national prominence. As we grow, more and more people are adding "Bellarmine" to their lists of top schools. Around here, we say "BELL-er-mun" in "LOU-a-vuhl." This is one of the friendliest campuses and places in the world, so we'll still love you no matter how you pronounce these names. BU is named after Roberto Bellarmino (1542-1621), the brilliant Jesuit, who was a Cardinal and who was canonized in 1930.

A Campus on the Move

Our lush, 135-acre campus currently comprises more than 30 buildings, including the world-class W.L. Lyons Brown Library, the Norton Health Science Center, and halls that are home to the nursing, education, and the arts and sciences. Bellarmine boasts seven residence halls (with an eighth currently under construction), a pristine architectural gem of a chapel, campus center, and university quadrangle. Our recreational facilities include indoor and outdoor tennis courts; fitness center; and athletic fields including a state-of-the-art Frazier Stadium that's home to lacrosse, soccer, field hockey, and track & field. Our campus on three hills and our award-winning architecture, evoke the beautiful Italian hill towns of Tuscany, birthplace of our patron.

Student Excellence

A diverse student body from 30 states and 17 foreign countries attend Bellarmine. Our total enrollment is 3,132 of which approximately 2,400 are full-time undergraduate students. Fifty-one percent of our students ranked in the top 25 percent of their class. ACT scores range from 22 to 27 for the middle 50 percent of students; SAT scores range from 1020-1230 for the middle 50 percent.

A Human Scale Learning Environment

Our student/faculty ratio is 12 to 1. Our average class size at Bellarmine is 19. There are 29 students or fewer in 86 percent of our classes. Teaching and learning like this just doesn't take place at the megaversities, and it shows in

our high four-year graduation rates and in the successful careers of our 16,000 graduates throughout the world.

The World is Also Our Campus

Bellarmine offers semester, yearlong and summer study-abroad programs in 48 countries on six continents. There are more than 148 programs of study. More than a third of our junior class engages in an international experience abroad, compared to the national average of just over 1%.

What's Your Major?

We offer more than 50 majors in the arts and sciences, business, education, nursing and health sciences. We encourage double majors. Graduate degrees include MBA, Executive MBA, MSN, MA in Communication, MA in Education, MA in Teaching, MSLA (Laboratory Science), MAIT (Applied Information Technology), MA Spirituality, Doctor of Physical Therapy and Doctor of Nursing Practice.

The Bellarmine Knights

Bellarmine student athletes play 18 varsity sports in NCAA Division II, plus NCAA Division I lacrosse. We also offer a variety of intramural sports. Women compete in Basketball, Cross Country, Field Hockey, Golf, Soccer, Softball, Tennis, Volleyball and indoor and outdoor Track. Men play Baseball, Basketball, Cross Country, Golf, Lacrosse, Soccer, Tennis, and indoor and outdoor Track. One in every four freshmen participates in a varsity program.

LOUISVILLE, KENTUCKY

The Kentucky Derby may put this city in the international spotlight, but the famous horse race isn't all Louisville has to offer. Nestled on the banks of the Ohio River, this vibrant city combines Southern hospitality with big city amenities, a cosmopolitan riverfront district, a diverse art scene, and a growing foodie reputation with two Restaurant Rows. Sports lovers should make a stop at the Louisville Slugger Museum; history lovers can sip mint juleps on a river cruise aboard the Belle of Louisville, a National Historic Landmark.

Key Attractions

Boxing fans have certainly heard Muhammad Ali proclaim Louisville as "the greatest city in the world." And that's just one of the many reasons he chose his hometown as the site for his living legacy. The Muhammad Ali Center, near Sixth & Main Streets along the city's Museum Row, offers an unparalleled experience chronicling the journey of an extraordinary man. You'll be knocked out by the story it tells.

Visitors don't have to be fans of America's favorite pastime to appreciate the enormity of the world's largest bat marking the entrance to another one-of-a-kind attraction, the Louisville Slugger Museum & Factory. The museum tour begins with an inspiring look at the sport of baseball and its heroes in "The Heart of the Game" film, followed by a tour of the factory where the Official Bat of Major League Baseball is made. A celebrated American tradition more than 120 years old, every visitor leaves with their very own miniature Louisville Slugger.

The Frazier International History Museum opened its doors to worldwide acclaim, largely due to its unique partnership with the Royal Armouries of Great Britain. Visitors are treated to an array of arms, artifacts, stories and interpretations that span 1,000 years of European and U.S. history. Live interpretations of some of America's most colorful historical figures are performed daily from Annie Oakley to Wild Bill Cody. See Teddy Roosevelt's legendary "Big Stick," General Custer's rifle and Geronimo's bow.

These are just a few of the museums housed on Louisville's Museum Row and nestled in the city's thriving theatre district. North, south, east or west – Louisville offers a wealth of attractions and historic architecture. Check out the East Market district, Frankfort Avenue and Highlands neighborhoods for enclaves of boutiques, dining and entertainment options galore. At night the city comes alive, anchored by downtown's Fourth Street Live! entertainment district.

A visit to the "Derby City" would not be complete without a tour of the Kentucky Derby Museum, located at the main entrance to legendary Churchill Downs racetrack. At the newly renovated Museum, visitors can experience the power and speed of three-year-old

Thoroughbreds as they compete in the "fastest two minutes in sports." Start with the 360-degree high-definition "The Greatest Race," which takes you behind the scenes from dawn to dusk on Derby Day. Explore the exhibits to capture the pride, tradition and excitement that is the Kentucky Derby!

THE BELLARMINE
Women's Council

Since its founding, the Bellarmine Women's Council has taken pride in contributing to the success of Bellarmine. Through programs such as their annual Designers' Show House and Book Fair, the Women's Council has raised more than \$1.6 million for the Bellarmine Scholarship fund.
